

Parking Info

Parking is by paid passes only. Parking is limited and each team has been given the information regarding the purchasing of event passes and opportunities to do so.

If you have not received this information, you would need to speak with your children's coach. However, the passes are sold out.

Due to the fact we are sold out, we ask that you carpool in with others who have previously purchased a parking pass or ride in on your team's bus.

If you choose to drive in and see if you will be parked, you may not be parked, and you may miss your child's race.

If you DO get parked – we are asking that you watch your child run and then leave. Parking is needed throughout the evening. So, if you do get parked for one of the first two events, please try to make a quick exit and allow for other to park coming for the later races.

Thank you for your cooperation.
